The image shows a large, stainless steel industrial machine used for manufacturing tea bags. The machine is labeled "Assistant" on its upper section. It features a control panel on the right side with a digital display and several buttons. A green conveyor belt is visible at the bottom, likely for transporting the finished tea bags. A circular inset on the left provides a close-up view of a tea bag being formed, showing the internal structure and the tea leaves inside. The machine is equipped with various rollers, gears, and a red emergency stop button.

Inner Bag W: 45-80mm

L:175cm W:74cm H:195cm
